

Applied Autonomy Systems Summit 2018

Program day 1 - Wednesday 7th November

Krona Cultural Center, Kongsberg

Registration opens

2nd floor Krona Cultural Center

08:30

Paige Pitcher

MSc RED, MIT | Innovation associate, Hines

Autonomy - the death of the location, location, location paradigm?

09:30

09:00

Opening of AASS 2018

Helga conference room, 2nd floor Krona Cultural Center

Welcome - Opening by Kristian Bogen Pro rector of University of South-Eastern Norway

10:15

Limmor Kfiri

LL.B, IDC Herzliya | Legal Intern, Goldfarb Seligman

Autonomous vehicles - the impact beyond technology

Break

2nd floor Krona Cultural Center

11:00

11:30 Session 1: Paper Presentations

See own agenda.

Lunch

Drone zone, 1st floor Krona Cultural Center

13:00

14:00 Session 2: Paper Presentations

See own agenda.

An-Magritt Ryste

MSc Marine Tech. NTNU | Program Manager, Kongsberg Maritime

& Pål Andersen

MSc Mech.Eng., NTNU | Technical Director, Kongsberg Maritime

Yara Birkeland - The journey towards the worlds first autonomous container vessel

16:00

15:30

Break

2nd floor Krona Cultural Center

16:45

Jens Henriksson

MSc MPSYS, Chalmers | Industrial PhD student, Semcon

Deep Learning - Verification hurdles of machine learning for safety critical applications

Closing day 1

17:30

19:00

Conference Dinner

Smeltehytta, Hyttegata 3, Kongsberg

Applied Autonomy Systems Summit 2018

Program day 2 - Thursday 8th November

In co-operation with Technology Summit Kongsberg

Krona Cultural Center, Kongsberg

Coffee

2nd floor Krona Cultural Center

09:00

Håvard Fossbakken

Head of Strategy & Development, Kongsberg Municipality

Welcome to Kongsberg - the Technology City

09:30

Opening day 2

Musikkteateret, 1st floor Krona Cultural Center

Welcome - Opening of the common session with Technology Summit Kongsberg by Arne Hjeltnes

André Pettersen

Director of Research, FFI

What are the drivers behind technology development?

Break

2nd floor Krona Cultural Center

Espen Sivertsen

Founder & CEO of Ivaldi Group

Send files, not parts - Food, equipment and even body parts can now be printed at local autonomous manufacturing centers

Dr. Daniel Susskind

BA MPhil DPhil, Oxford | Fellow in Economics, Oxford

Myths about the future of work (and why they're not true)

Sigve Brekke

President & CEO, Telenor Group

Bjørn Ivar Moen

CMO, Telenor Norway

5G first steps – a truly connected tomorrow

Lunch

Haspa café, 3rd floor Krona Cultural Center

12:30

After lunch, AASS conference continues at the Drone zone at the 1st floor at Krona Cultural Center.

13:30

Dr. David Sirkin

PhD Mech. Eng., Stanford | Executive Director IxD Research, Stanford

Teaching cars and robots about human values

Academic roundtable

Drone zone, 1st floor Krona Cultural Center

14:15

Interdisciplinary discussions - covering the societal impacts of implementing autonomous solutions

15:45

Closing of AASS 2018
