# European University Alliances

“By developing long-term structural and strategic and sustainable cooperation between the higher education institutions in the European Universities alliances, the initiative aims to

- improve the international competitiveness of higher education institutions in Europe
- promote European values and identity

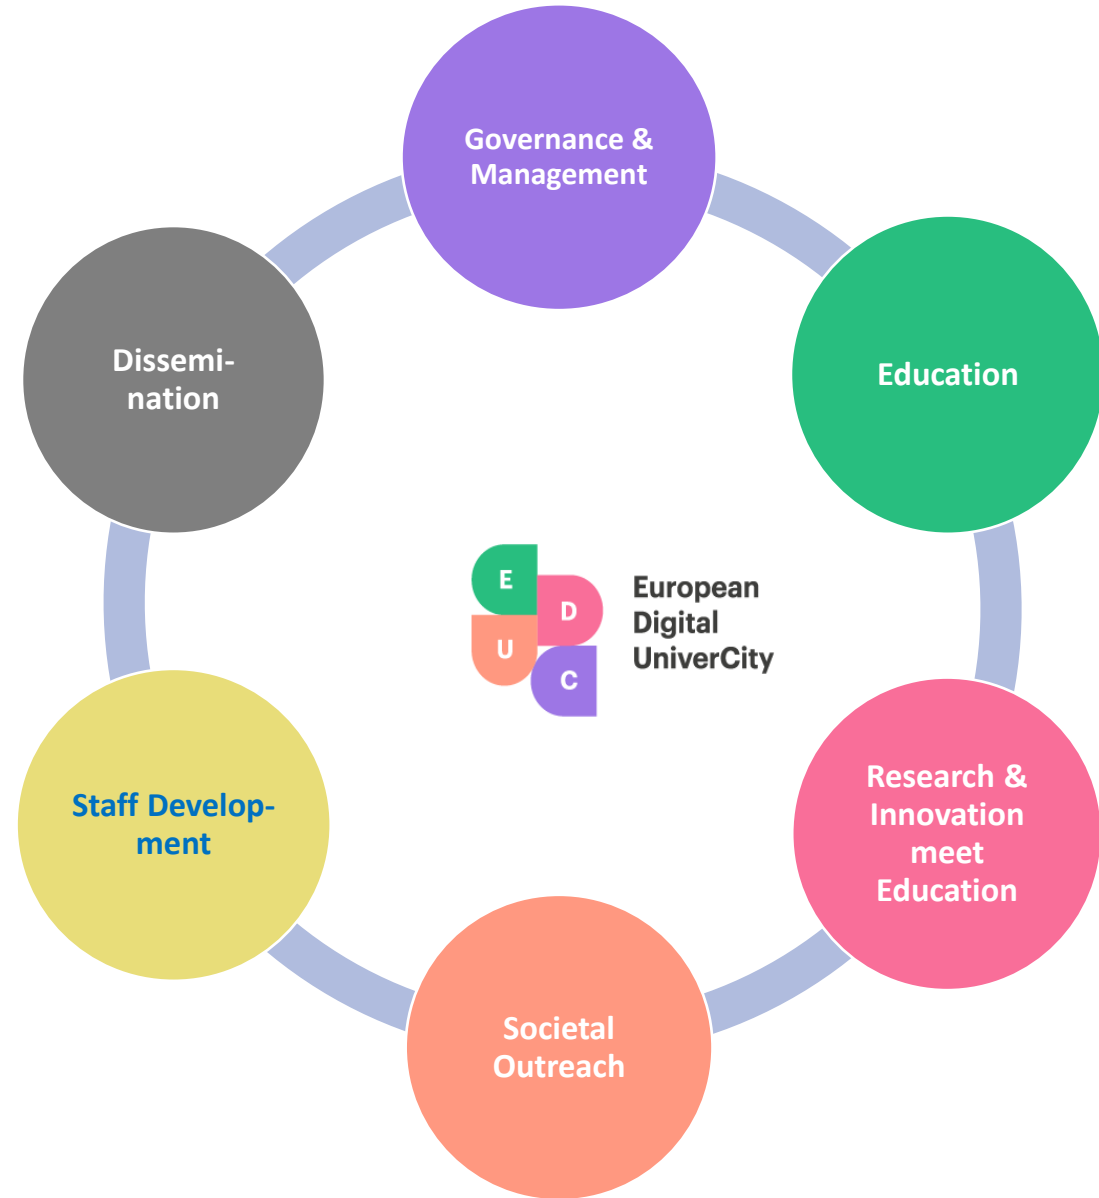

The initiative has the potential to bring greater benefits to higher education institutions than any previous cooperation projects.”

# What is COIL?

- Collaborative Online International Learning (COIL) is a type of Virtual Exchange
- Online collaboration between two (or more) classes at two (or more) institutions, organised through a close joint effort between teachers
- Shared courses, not joint courses
- 4-10 weeks module within an existing course

# What is Virtual Exchange?

# Why COIL matters?

- Internationalise the curriculum – Internationalisation at home
- Develop important student skills:
  - intercultural competence
  - team work
  - communication
  - collaboration
- At institutional level
  - strengthen global partnerships
  - attract students
  - better prepare students for study abroad
